

presents:

Montessori, My Child, & Me

This introduction to a Montessori education will plant the seeds for your child's lifelong love of learning.

Children ages 18-30 months engage in traditional Montessori activities under the guidance of a certified Montessori teacher in a fully-prepared Montessori environment. Sessions are enhanced by yoga, music, and creative movement experiences.

The special adult component provides information about the Montessori philosophy as well as child development and parenting trends.

Call (973) 665-0071 or email Lori Hnatov, Campus Director, at Lorihmca@aol.com to begin your Montessori journey today!
